AUSTRALIAN ALPINE ASCENT Triathlon Festival 8th February 2020

Road Restrictions

On the Saturday 8th February 2020, The Snowy Mountains area's will host to the AAA Triathlon Festival incorporating Triathlons (swim/ride/run) over two different distances. The Festival is supported by Snowy River Shire Council, NSW Police & RMS, and Triathlon Australia.

Throughout the day, for the safety of competitors and motorists, and in compliance with Triathlon Australia recommendations, there will be some **road restrictions** in place in **Alpine Way** and **Kosciuzko Road** that will affect residents and visitors.

We understand that road restrictions will have some impact on the community, and have endeavoured to design a course and time frame to minimise this. All roads will remain open, but minor delays can be expected and we ask for your patience whilst remembering that safety is our first priority.

The following road restrictions will be required for Saturday 8th February 2020:-

Kosciuzko Road, From the roundabout at Kalkite Street, Jindabyne to Charlotte Pass for the safety of cyclists. 7:00am – 3:00pm approx.

Alpine Way, From Kosciuzko Rd to Dead Horse Gap for the safety of cyclists. 7:30am – 1:00pm approx.

We hope you take the opportunity to view our spectacular events
